

Botox and Dermal Fillers Available Here

These non surgical cosmetic treatments will be administered by a fully qualified dentist with a special interest in facial aesthetics.

They are safe, discreet and very effective.

Botox

Botox injections relax the muscles in the face that cause wrinkles. A treatment of botox leaves skin looking younger, smoother and refreshed. It is most commonly administered in three areas - the forehead, the brow line and around the eyes.

Treatment in 1 Area - **£125**

Treatment in 2 Areas - **£250**

Treatment in 3 Areas - **£300**

Dermal Fillers

Dermal Fillers are used to smooth out wrinkles and facial lines. They can be used to treat many problems, including frown lines and acne scars. They can also be effectively used to fill out the lips.

One treatment will cost between **£200 and £350**
